

## LOCAL INTELLIGENCE.

Sun rises to-morrow at 6:22; sun sets 5:58. High water 8:30 a. m. and 8:45 p. m.

**WEATHER PROBABILITIES.**—For this section fair till Friday noon, threatening Friday evening, possibly light rain; stationary temperature. Friday morning, slightly cooler. Saturday morning, variable.

**PERSONAL.**—Mr. and Mrs. Milton H. Price, of Memphis, Tenn., are visiting the parents of the former, Mr. and Mrs. B. F. Price.

Mr. L. E. Payne, formerly of this city, is now practicing law at Chandler, Lincoln county, Oklahoma Territory. Miss Sophie Tackett, of this city, won a \$50 prize offered by a Washington paper for the nearest guess concerning Mr. Cleveland's Cabinet. Miss Tackett on February 11th named the Cabinet correctly, except that she made Mr. Wilson, of West Virginia, Attorney General, instead of Mr. Olney.

Bishop John S. Key, one of the bishops of the M. E. Church, from Fort Worth, Texas, will preach at the M. E. Church South in this city on Sunday night.

Miss Virginia McCormick, who spent several days with friends in this city, has returned to Washington.

Miss Carrie Brown, of Philadelphia, is visiting Miss Crump on north Columbus street.

Misses Julia Lee and Nina Randolph, of Richmond, are visiting Miss Cavalier on north Washington street.

Misses Willis and Chew, of Charlottesville, Va., are the guests of Mrs. Howard on Cameron street.

Miss Charlotte Irvine, of Norfolk, and Miss Josephine Knox, of Richmond, are visiting Miss Hallie Knox.

The Misses McNeal, of Baltimore, and Mrs. Cooper and son, of Culpeper, are visiting Mrs. C. C. Smoot.

Miss Lavinia R. Pattison, of Harrisburg, Pa., daughter of Gov. Pattison, is visiting the family of Mr. G. B. Carlin.

Miss Mary Newton, of Richmond, is visiting the Misses Corse on north Washington street.

Mr. and Mrs. E. L. Daingerfield have returned from a trip through Florida.

At the regular monthly business meeting of the members of the M. P. Church, held last night, Mr. J. R. Caton was elected delegate and Mr. H. M. Hantzman alternate to the Maryland annual conference, which meets in Laurel, Del., the first week in April. The delegate was instructed to ask for the return of the pastor, Rev. M. M. Poissal.

Mrs. Lucille Carlisle Long and Mr. Obed Funk and daughter, Mrs. Spangler, are the guests of Mrs. N. D. Ritter on King street.

Miss Woodward Rogers, of Baltimore, is visiting her aunt, Mrs. Wm. N. Berkeley, on Prince street.

**RIVER NOTES.**—The arrival of oysters in Washington during the past few days has been immense.

The steamer Samuel J. Pentz, now running under charter on the James river, will return to these waters about the middle of April and will be immediately fitted out and made ready for her work as one of the River View fleet.

The steamer George Leary is being overhauled preparatory to entering commission. First officer Kirby of the propeller Washington has been assigned to her command. Capt. Tulle will act as first officer and assistant purser. Pilkington of the Washington will go aboard as her purser. She has gone to Norfolk, whence she will convey the Fourth Virginia regiment to the inauguration.

Rule No. 8, pilot rules for lake and seaboard, as printed in the last issue of the steamboat rules and regulations, is amended so that when two steamers are running in the same direction the after craft must not pass without permission of the leading steamer. The boat ahead must not attempt to cross the bows or crowd upon the course of the passing steamer.

The Haskin Wood Vulcanizing Company's new wharf between Wolfe and Wilkes streets has been completed by Capt. J. T. Rodgers, and is now the finest wharf in the city. The water around the wharf is to be deepened and a dredge will soon be put to work there.

**FIRE COMPANY MEETINGS.**—A meeting of the Friendship Fire Company was held last night at which Messrs. J. F. Webster, P. F. Gorman and C. O. Sipple were appointed a committee to procure suitable uniform overcoats, &c., for the members in case the company decides to attend the Chicago fair, of which there is a strong probability. The company decided that it is too old an organization to carry much dead weight, so dropped the names of delinquent members.

A meeting of the Columbia Company was held last night. One application for membership was received, and a resolution of thanks adopted to the ladies and others who aided in the preparation of the banquet on the 23d ultimo. An invitation was received and accepted from the Frederick, Md., Home Company to attend the 75th anniversary of that company on the 7th of June.

**STEAMBOAT COMPANY MEETING.**—The stockholders of the Norfolk and Washington Steamboat Company met in Washington yesterday. The report of the company's business for the last year proved satisfactory. The stockholders elected the following directors: Wm. E. Clark, Levi Woodbury, A. T. Britton, John Boyd, H. Libby, J. C. McKibben, R. F. Baker, Geo. M. Pearson and C. F. Norment. After the meeting of the stockholders the board of directors re-elected the old officers of the company, as follows: William E. Clark, president; Levi Woodbury, vice president; John Callahan, general superintendent; R. F. Baker, treasurer, and John Keyworth, secretary.

**NEW BUILDINGS.**—The City Auditor has issued permits during the week for the erection of buildings to John A. Marshall for four 2-story brick dwellings on east side of Fayette street between King and Cameron; to Amos B. Slaymaker, for one two-story apartment house, frame, 90 feet front in the court in the square bounded by Cameron, Queen, Fayette and Payne streets, and to Henry K. Field for two two-story frame houses on the east side of Patrick street, between Oronoco and Pendleton.

Mr. E. Thornton, 126 Holiday St., Jersey City, N. J., in speaking of Salvarsan Oil, the great household specific for sprains, burns, cuts, etc., sums up his admiration for this valuable remedy in a few words by declaring it to be "the standard remedy." It kills all pain.

**CHAPED POINT SOLD.**—A deed was put on record in Port Tobacco, Md., on Tuesday, from the corporation of Roman Catholic clergymen of Maryland to Charles C. Lancaster, of the property known as Chapel Point, embracing all the buildings and improvements at that place and 44 acres of contiguous land. The price paid was \$12,500. The property sold embraces the entire plateau between the hills and the Point. It will be subdivided into building lots, some of which have been sold. Chapel Point is at the junction of Port Tobacco creek with the Potomac, about four miles from Port Tobacco, and commands a beautiful view down the Potomac almost to its mouth. At this point the Potomac is several miles wide and presents the appearance of a lake. The present improvements on the property consist of a large new hotel, a large steam mill, pavilion, stables, barns and other outbuildings. Charles county abounds in poplar wood for paper-making, and white oak timber for making wagons and other vehicles. It is proposed to establish industries based on these natural products, and also to set up fruit and oyster packing-houses.

**EFFECTS OF BROKEN WATER PIPES.** There was a cave-in of the roadway on the north side of Wilkes street, between Royal and Fairfax, yesterday evening, caused by the breaking on one or two occasions recently of the water mains in that neighborhood. A hole was formed about three feet deep and a fish barrel was sunk into it to prevent accidents until the Water Company or the city could fill the hole. It is thought several tunnels have been formed in that locality in late years by the breaking of water mains. There is a spring on Alfred street, between King and Prince, also on Prince street, between Fayette and Payne, caused, it is said, from broken pipes.

**POLICE REPORT.**—Last night was clear and cool with three prisoners and eight lodgers at the station house.

The Mayor this morning disposed of the following cases:

Phil Warner, colored, for threatening language towards an officer, was fined \$2.50 or given 30 days in jail.

Simon Thoms and Hattie Toliver, both colored, for fighting in the upper part of the city last night, were fined \$2.50 each or given 30 days in the work house.

A police officer reported as being drunk while on duty last night, was reprimanded by the Mayor.

**A BILLIARD CONTEST.**—The billiard and pool rooms of the Y. M. S. L. were filled with a large number of spectators last night to witness a billiard contest for the championship between Jno. A. Nugent, W. Lyon Hoy, Rev. Father Kenefick and J. Lee Lash. The game was won by Messrs. Hoy and Nugent by a score of 100 to 62. W. Lyon Hoy making 55 points, the largest number made. There will be another contest on Wednesday next.

**HEAVY TRAVEL.**—The city has been visited by many strangers to-day, many of whom came from Washington, where the crowd is assembling for the inauguration. All the trains and boats from that city were crowded to-day and so heavy was the travel to Mt. Vernon that the electric railway had to run their trains in sections. The new cars have been put in use and are the finest in the world.

**COMMUNICATED.**

**A BUSINESS POINT OF VIEW.**—Let a looker-on suggest a late communication that if the cadets should win the flag it would give them a boom among outsiders, and especially among Washington boys, and tend to increase the number of those who bring money from abroad to spend in Alexandria.

Fifty cadets add \$2,000 per month to the trade of grocers, provision dealers, clothiers, bank men, &c., of the city. This is not the sentimental, but the business aspect of the matter. I do not suppose the Alexandria Light Infantry care about the contest at all.

**A CITIZEN.**

The reason why the sales of Dr. Bull's Cough Syrup continually increase and its popularity extends, is to be found in the fact that its oldest friends are the most appreciative of its excellence. They stick to the old, reliable remedy because they have often times experienced its worth in the cure of cough, cold, and inflammation of the bronchia and lungs.

**STRAWBERRY CREAM.**

From this day till the close of the season I will have at my store and parlors ICE CREAM MADE FROM PURE STRAWBERRIES, also Ice Cream flavored with other fresh fruits.

The W. C. T. U. and a goodly number of goodly clergymen have petitioned Congress to stop the Marine Band concerts on Sundays. Why? All the leading church organizations in Washington pay handsomely for musical talent both vocal and instrumental, and there are thousands of so-called churchgoers who attend services not to hear the able and eloquent exponents of the Gospel, but to listen to the operatic airs as rendered by the well-paid vocalists, organists and fiddlers. We do not object to those who enjoy it to go on with their concerts on Sunday, but we ask them to be as liberal as those who would rather listen to a brass band. The dogology sounds as sweet and as solemn when blown through a brass horn as it does when tapped out of an organ. Of course, we object to the drum corps and the band organ even on week days, but let the band play "Nearer, my God, to Thee," and I am sure the goodly clergy will pause and forget worldly affairs for the time.

Do unto others as you would have others do unto you.

We ask no more, we'll take no less From Christian or Hindoo.

Your organ and your violin Shall play at your command; But we shall never be satisfied With less than a brass band.

**MONETARY AND COMMERCIAL.**

**NEW YORK, March 2.**—The stock market this morning was more quiet than on any day for the past three weeks, and only three or four stocks showed any animation or movement of importance. Railroad shares were generally a shade higher at the opening, but further changes were for the smallest fractions and without interest. Foreign houses were without orders, and the trading in the main was local, but the manipulation of the industrial gave some character to the market.

At 11 o'clock the market was quiet and firm.

## OFFICIAL.

OFFICE AUDITOR OF PUBLIC ACCOUNTS, CITY HALL, ALEXANDRIA, VA., Feb. 21, 1893.

To the honorable City Council:

Gentlemen:—As required by section 6 of an Ordinance of the City Council, entitled "An act to keep a record of the deaths occurring in the city of Alexandria, Va.," approved December 19th, 1890, and also as required by section 3 of an Ordinance of the City Council entitled "An act to regulate the erection of buildings in the city of Alexandria, Va.," approved January 28th, 1891, I have the honor to submit the following information called for by the acts quoted.

The amount \$41 received for issuing 82 building permits at 50 cents each has, as the law requires, been turned into the City Treasury to the credit of the General Fund. Respectfully,

E. F. PRICE, Auditor.

**REPORT OF BURIAL PERMITS.**

There were issued during the year of 1892, 596 burial permits, of which number 132 were for the interment of the remains of persons who died outside the city, leaving 464, in which is included 15 persons who died at the almshouse. This 464 is made up of 154 white males and 114 females; 97 colored males and 99 females. Twenty-five bodies were carried out of the city for interment. That of the 132 brought to this city 60 (just one-half) died in the District of Columbia. The average monthly death rate being about 39; the least number occurring in May (23); the greatest number in July (69), when 22 died of cholera infantum and enteric colitis. The ages given of the 268 whites and the cause of death are as follows:

Still births..... 18  
One day to one week.....
